

PEDDINTI PADMA PRIYA

Computer Science Engineering Undergraduate | Java Full Stack Developer

Hyderabad, Telangana, India | +91 8897237641 | peddintipadmapriya500@gmail.com

LinkedIn: [linkedin.com/in/padmapriya500](https://www.linkedin.com/in/padmapriya500) | GitHub: github.com/priya377

CAREER OBJECTIVE

Passionate Computer Science undergraduate with a strong foundation in Java programming, object-oriented design, and problem-solving. Seeking an opportunity to apply technical and analytical skills in software development while building scalable and efficient applications. Eager to contribute to innovative projects, continuously learn emerging technologies, and grow as a Java Full Stack Developer in a dynamic environment.

EDUCATION

MLR Institute of Technology College B.Tech in Computer Science Engineering CGPA: 7.68/10.0	2023 – 2027 Hyderabad, Telangana
Sri Chaitanya Junior College Intermediate Board of Education Percentage: 89%	2021 – 2023 Hyderabad, Telangana
A.S. Vidya Vihar High School Secondary Education CGPA: 10.0/10.0	2020 – 2021 Hyderabad, Telangana

TECHNICAL SKILLS

Programming Languages	Java, Python, C, JavaScript
Java Technologies	Core Java, OOP, Collections Framework, Exception Handling, JDBC
Web Technologies	HTML, CSS, JavaScript, React.js, Node.js, Express.js
Database Technologies	MySQL, PostgreSQL, MongoDB
Developer Tools	Git, GitHub, VS Code, Docker, REST APIs
Core Computer Science	Data Structures and Algorithms, DBMS, Operating Systems

PROJECTS

- **Quick Serve: Localized Discovery and Booking App** *Core Java | MySQL | JDBC*
 - Developed a Java-based application to help users discover and book nearby local services efficiently.
 - Implemented Core Java concepts such as Object-Oriented Programming, Collections, Exception Handling, and File Handling for application development.
 - Integrated MySQL database connectivity using JDBC for secure data storage and retrieval operations.
 - Designed modules for user registration, service search, booking management, and booking history tracking.
 - Built a menu-driven interface with optimized backend logic to improve application performance and usability.
- **BudgetBites: Healthy Eating Planning For Low Income Families** *HTML | CSS | JavaScript | PHP | MySQL*
 - Developed a web-based platform that helps low-income families create affordable and nutritious meal plans.
 - Built personalized meal recommendation features based on user budget and dietary preferences.
 - Integrated backend database management using MySQL for storing and retrieving user data.
 - Designed a responsive and user-friendly interface for accessibility across multiple devices.
 - Improved application usability by organizing content and simplifying navigation structure.

EXPERIENCE

- **Infosys Springboard Internship** *2 Months*
 - Completed a 2-month internship focused on software development fundamentals and industry-oriented technical skills.
 - Worked on Java programming concepts including Object-Oriented Programming, Collections Framework, and Exception Handling.
 - Gained hands-on experience in web development technologies such as HTML, CSS, and JavaScript.
 - Improved problem-solving and analytical skills through coding exercises and project-based learning activities.

CERTIFICATIONS

- Cloud Computing Course – NPTEL
- Project Certificate in Web Development – InternPe
- Infosys Springboard Internship
- Web Development Course Certificate – IBM

EXTRACURRICULAR ACTIVITIES

- Practicing Yoga regularly to improve physical and mental well-being.
- Actively participating in coding contests and hackathons to strengthen problem-solving skills and gain practical experience.
